Software Development :

Sogeti USA
Senior Software Consultant
Dayton, OH, July 2012 - present
Member of the Consultant Advisory Board, a committee responsible for being a liaison between consultants and management. Has personally organized five corporate volunteer events. Considered a High Potential employee.

PNC Mortgage
Full-stack Developer
Created and deployed a high-impact, high-visibility product which will save 700 hours of work per month and take the loan decisioning process from 40 minutes to 55 seconds. The product is being marketed to numerous lines of business within the client.
Day-to-day work incorporates the tools and languages C#, SQL/SSMS, MVC, Kendo UI, Bootstrap, GIT, Linq, SoapUI, and others.
Act as a leader and technical consultant even within development teams. I consistently receive compliments on my swift responses and project completions.

Lexis Nexis/Reed Elsevier
Technical Writer
Created **process diagrams** to illustrate lifecycles and data flows. Wrote detailed reports on technical services offered, including Azure Monitoring Pack, System Center, and HPOVO Monitor. Prepared training documents.

Cutler Scholars Program
Webmaster & IT go-to
Athens, OH, August 2010 - June 2012
Maintained, updated, and redesigned website. Created print, digital, and online designs. Responsible for maintenance of all machines and (Access) database (worked as an IT go-to).

Education and Inspiration :

Girl Develop It Dayton
Volunteer Teaching Assistant
Dayton, OH August 2015 - present
Volunteer as a teaching assistant for numerous GDI classes, answering questions and providing feedback to groups of up to 20 adult coders (who are often complete beginners). Class topics include HTML & CSS, Ruby, and Github.

Code.org's Hour of Code
Volunteer Programming Instructor
Dayton, OH, December 2015
Taught two programming classes - one to third graders and another to high schoolers - during Hour of Code week, which aims to get as many students as possible coding for just one hour. These classes were both a formal foundation to coding and an introduction to life as a software developer.

TechFest Dayton
Volunteer Greeter, Helper, and Guide
Dayton, OH, January 2014 - present
TechFest is an annual free weekend focusing on getting kids of all ages interested in STEM subjects. As a greeter, helper, and guide, make sure students leave feeling excited about technology.

TECH CORPS Ohio
Programming Instructor
Columbus, OH, June 2011 - August 2011
Taught elementary and middle schoolers programming, robotics, and web development. Responsible for five classes of 20 kids at a time. Used Alice, Scratch, and Lego NXT programming languages, as well as NXT Lego robots.

Ohio University
Russ College of Engineering, Engineering Ambassador
Athens, OH, September 2010 - May 2012
Acted as a liaison between potential engineering (including computer science) students and faculty, making sure potential students felt comfortable, excited, and inspired by our school.
